Re: Letter of Agreement Regarding Transfer of Moneys for Emergency Use

Pursuant to Act 12, Session Laws of Hawai'i 2018, I am transferring Ten Million Dollars (\$10,000,000) as initial assistance to the City and County of Honolulu for the purpose of meeting the County's immediate disaster relief needs caused by the heavy rains and flooding that occurred in the County in April 2018.

These moneys are intended to be used to provide immediate relief necessary to fund disaster relief projects as described in the attached schedule submitted by the City and County of Honolulu.

The County shall keep adequate records of all expenditures and shall submit monthly reports on the attached forms to show progress toward completion of the projects. Additional funds may be released at a future date, subject to sufficient progress being reported, including site visits by the Department of Defense and/or other appropriate state agencies that may be involved.

The City and County of Honolulu has designated Gary Kurokawa, Mayor's Chief of Staff, as its contact person and I am designating Laurel Johnston, Director of Finance to be the contact person for the State of Hawai'i regarding the terms and conditions of this agreement.
