**OFFICE OF THE MAYOR
CITY AND COUNTY OF HONOLULU
EMERGENCY ORDER NO. 2020-27
(COVID-19 [Novel Coronavirus])**

**HONOLULU'S COVID-19 RECOVERY FRAMEWORK:
ORDER IMPLEMENTING TIER 1**

By the authority vested in me as Mayor of the City and County of Honolulu (the “**City**”) pursuant to Revised Charter of the City and County of Honolulu 1973 (2017 Edition), as amended; the Revised Ordinances of the City and County of Honolulu 1990, as amended; the Hawai‘i Revised Statutes, as amended (“**Haw. Rev. Stat.**”), the Constitution and laws of the State of Hawai‘i, I, KIRK W. CALDWELL, hereby issue this Honolulu’s COVID-19 Recovery Framework: Order Implementing Tier 1) (the “**Order**”) to further address the emergency initially declared in the Proclamation COVID-19 [Novel Coronavirus] issued on March 4, 2020 through the most recent related Sixth Supplemental Proclamation of Emergency or Disaster (COVID-19 [Novel Coronavirus]) issued on September 23, 2020.

OVERVIEW

The virus that causes Coronavirus 2019 Disease (“**COVID-19**”) is easily transmitted, especially in group settings, and it is essential that the spread of COVID-19 be slowed to protect the ability of public and private health care providers to handle the influx of new patients and to safeguard public health and safety. This Order addresses these ongoing concerns.

Recently, the City experienced a resurgence of COVID-10 during which there was an almost tenfold increase in cumulative confirmed positive COVID-19 cases in a three-month period. Specifically, there were 973 confirmed cases as of July 15, 2020; 2053 cases as of August 3, 2020; 4212 as of August 15, 2020; and 9225 as of September 15, 2020. In early August of 2020, the City discussed with the State public health and healthcare system representatives concerns over hospital capacity. This led to orders restricting gathering sizes, closures of parks, beaches, and trails, and culminated in the City issuing a Second Stay at Home / Work from Home Order (“**Second Stay at Home Order**”) that largely required individuals anywhere in the City to stay at home and work from home. On August 27, 2020, the Second Stay At Home Order went into effect, and it was extended through September 24, 2020 by an amendment.

The Second Stay at Home Order was highly effective at reducing the number of positive COVID-19 cases in the City. As of September 21, 2020 there were 9765 cumulative confirmed cases for Oahu with an average of approximately 90 cases per day over the previous seven (7) days.

During the period of the Second Stay at Home Order, the City worked with experts from the public and private sector to devise a metrics-based plan for reopening (“**Honolulu’s COVID-19 Reopening Framework**”), while simultaneously working to improve testing, contact tracing, and quarantine/isolation capabilities. This Order implements Honolulu’s COVID-19 Reopening Framework, with the City starting off in Tier 1. Honolulu’s COVID-19 Reopening Framework may be reviewed at <https://www.oneoahu.org/reopening-strategy>.

This Order builds upon the framework of the Second Stay at Home Order. Section I sets forth the “Orders” which mandate what is and what is not permitted within the City at this time. Section II provides definitions of the capitalized terms contained in the Orders and the exemptions to the Orders, including Designated Businesses and Operations, which represent the additional businesses and operations that are allowed to reopen (with modifications) under Tier 1 of Honolulu’s COVID-19 Reopening Framework. *See* § II.G. (below); Exhibit A (attached). Section III outlines the basis for the Order. Section IV explains the Order’s intent for interpretation purposes, and Section V contains general provisions relating to the Order’s effect on prior orders, duration, enforcement, posting, and severability of the Order.

This Order is **effective at 12:00 a.m. on September 24, 2020 and will continue through October 31, 2020** unless movement to another tier is required earlier by Honolulu’s COVID-19 Reopening Framework with an order effecting that movement or, is otherwise terminated or superseded by another order or operation of law.

Pursuant to Haw. Rev. Stat. § 127A-25 and the Rules of the Mayor City and County of Honolulu, dated March 20, 2020 (“**Mayor’s Rules**”) promulgated under that section, each of the orders contained in this Order (“**the Orders**”) shall have the force and effect of law. The Orders are in accordance with and incorporate by reference all of my prior COVID-19 related emergency proclamations and Hawai’i Governor David Y. Ige’s COVID-19 related emergency proclamations.

Violation of any of the Orders is punishable as a misdemeanor, with fines of up to \$5,000, up to a year in jail, or both. Haw. Rev. Stat. § 127A-29; Mayor’s Rules.

11. Pickup at store or delivery. Essential Businesses, and Designated Businesses and Operations, (to the degree applicable) shall provide for, if feasible, online ordering and purchase of goods and customer pickup of orders at a location outside the facility or shall provide for delivery to customer locations.
12. Signage. Essential Businesses, and Designated Businesses and Operations, (to the degree applicable) shall post a sign at the entrance of their facilities informing all employees and customers that they must comply with the face coverings requirements set forth in Order 5 of this Order; avoid entering the business or operation if they have a cough or fever or otherwise do not feel well; maintain a six-foot distance from one another; and not shake hands or engage in unnecessary physical contact.

III. BASIS FOR THE ORDER

This Order is issued based on evidence of COVID-19 within the City, as reported by the Centers for Disease Control and Prevention (CDC), the State Department of Health, and guidance from the City's medical advisory experts, scientific evidence and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically, and evidence that the age, condition, and health of a significant portion of the population of the City places it at risk for serious health complications, including death, from COVID-19.

Due to the outbreak of the COVID-19 virus in the general public, which is a pandemic according to the World Health Organization, there is a public health emergency throughout the City. In addition, some individuals who contract the COVID-19 virus have no symptoms or have mild symptoms, which means they may not be aware they carry the virus. Because even people without symptoms can transmit the virus, and because evidence shows that it is easily spread, gatherings can result in preventable transmission of the virus.

The scientific evidence shows that at this stage of the emergency, the spread of the virus is spiraling out of control. It is essential to slow virus transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed, while also allowing access to basic life necessities. One proven way to slow the transmission is to limit interactions among people to the greatest extent practicable. This Order helps preserve critical and dwindling healthcare capacity in the City while allowing essential community activity and functions to continue.

This Order is also issued in light of the fact that as of September 21, 2020, the City has had 10,338 (of the State's 11459) confirmed positive COVID-19 cases; 650 (of the State's 735) related hospitalizations; 95 (of the State's 120) related deaths; and the City must now begin its recovery from the recent resurgence of COVID-19 and the resulting Second Stay at Home Order.

IV. INTENT

The intent of this Order is to ensure that the maximum number of people self-isolate in their places of residence to the maximum extent feasible, while also enabling essential services and designated businesses and operations to operate with modifications to re-establish continuity of social and commercial life. When people need to leave their places of residence, whether to obtain or perform vital services, or to otherwise facilitate authorized activities within the City, they shall comply with applicable Social Distancing Requirements. Specifically, the intent is to ensure that people generally maintain six (6) feet of physical distance from others, and wear face coverings when interacting with each other (especially when indoors). All provisions of this Order should be interpreted to effectuate this intent.
