PUBLIC HEALTH EMERGENCY RULES, AMENDED DECEMBER 24, 2020

The virus that causes Coronavirus 2019 Disease (“COVID-19”) is a novel severe acute respiratory illness with no known cure, no effective treatment, and no vaccine. The virus is easily transmitted, including by individuals who are infected but showing no symptoms. As of December 23, 2020, there were more than 78 million cases and 1,727,672 deaths globally, and the United States continues to record the highest numbers of cases, with 18,409,666 cases and 325,539 deaths (<https://coronavirus.jhu.edu/map.html>). To date, there are 20,522 cases and 285 deaths in the State of Hawaii, with 934 cases in Maui County (<https://health.hawaii.gov/coronavirusdisease2019>).

On December 16, 2020, Governor David Y. Ige issued the Seventeenth Proclamation related to COVID-19, which modified the mandatory self-quarantine for all persons entering the State of Hawaii to 10 days from the date of entry into the State, or the duration of the person’s presence in the State, whichever is shorter. Transpacific travelers who provide written confirmation of a State-approved negative COVID-19 test are excepted from self-quarantine in accordance with the State’s Emergency Proclamation. The Seventeenth Proclamation also modified the interisland quarantine to 10 days for travelers to

the counties of Maui, Kauai, Hawaii, and Kalawao. These Rules are based on evidence of COVID-19 within the County and State of Hawaii, as reported by the Centers for Disease Control and Prevention (CDC), the State Department of Health (DOH), scientific evidence, and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically.

By the authority vested in me as Mayor of the County of Maui, by the Revised Charter of the County of Maui (1983), as amended (“Charter”), the Constitution and laws of the State of Hawaii, I, MICHAEL P. VICTORINO, Mayor of the County of Maui of the State of Hawaii, hereby amend, adopt and promulgate the following rules, pursuant to Section 127A-25, Hawaii Revised Statutes (“HRS”), which have the force and effect of law. Violation of any of the following rules is punishable as a misdemeanor, with fines of up to \$5,000, a maximum of one year in jail, or both.

I. Definitions

A. Essential Activities include:

1. Tasks essential to maintain health and safety, such as obtaining medicine, seeing a doctor, and testing for COVID-19.
2. Getting necessary services or supplies for an individual, or that individual’s family or household members, such as getting food, pet food, and supplies necessary for staying at home.
3. Engaging in outdoor activity, such as walking, hiking, running, ocean sports (surfing, stand-up paddle boarding, kayaking, or fishing).
4. Performing work related to operation of an essential business or essential government functions (defined below).
5. Caring for a family member in another household.
6. Caring for elderly, minors, dependents, persons with disabilities, or other vulnerable persons.

B. Operation of an Essential Business includes:

1. Healthcare operations, including home health workers.
2. Essential infrastructure, including operation of public transportation and utilities.
3. Grocery stores, food banks, convenience stores, and farmer's markets.
4. Businesses that provide necessities of life for economically disadvantaged individuals and shelter facilities.
5. Pharmacies, health care supply stores, and health care facilities.
6. Gas stations, auto repair facilities, and auto supply stores.
7. Financial institutions.
8. Refuse collection.
9. Hardware, lumber, and other building material stores.
10. Maintenance service providers, such as plumbers, electricians, exterminators, yard or ground maintenance, and other service providers necessary to maintain the safety, sanitation, and essential operation of residences and businesses.
11. Laundromats and laundry service providers.
12. Businesses that primarily ship or deliver groceries, food, and goods.
13. Preschool facilities (daycare, summer camp, etc.) operating in compliance with state laws, administrative rules, and restrictions, provided that children do not switch groups; groups are located in separate rooms and not commingled; caregivers are assigned and remain with one group of children.
14. Newspapers, television, radio, and other media.
15. Construction and maintenance, public and private, provided it is conducted in workplaces in a manner that ensures worker safety, including physical distancing requirements.
16. Agricultural operations, including delivery and shipment of flowers, provided measures are implemented to ensure worker safety, including physical distancing requirements.
17. Businesses that supply other essential businesses with the support or supplies necessary to operate, e.g., chemical supply companies.

20. Funeral, mortuary, cremation, burial, cemetery, and related services.

21. Educational institutions, including Kindergarten-12 grade, colleges, and universities. Private educational institutions shall comply to the extent feasible with the State of Hawaii Department of Education's practices and policies related to the COVID-19 health emergency.
22. Hotels and motels, to the extent used for lodging, in compliance with the State of Hawaii restrictions.

C. Designated Businesses and Operations, as described in Exhibit A.

D. Government Functions: Includes all services needed to ensure the continuing operation of the government agencies that provide for the health, safety, and welfare of the public.

II. RULES

Rule 1: Act With Care. All individuals currently within the County are encouraged to stay at their residence or place of lodging, except as provided in these Rules. With respect to persons residing in hotels, condominiums, townhomes, apartments, or other multi-unit dwellings, "place of residence" means the person's individual hotel room or unit. To the extent persons use shared or outdoor spaces (e.g., condominium common areas, pools, barbecue areas) when outside their residence, they must comply with Rule 5, as ordered by the State of Hawaii, or as instructed by the CDC, whichever is more stringent.

Rule 2: County Meetings or Hearings. County meetings or hearings, including contested case hearings, are suspended, provided that meetings or hearings may be held to the extent such meetings or hearings are conducted by telephone or video conference as determined solely by the County department providing administrative assistance to the board or commission. In addition to all County boards and commissions, this Rule applies to all proceedings that

involve live testimony by government employees or members of the public (i.e. arbitrations, depositions, hearings, etc.).

Rule 3: County Deadlines or Automatic Approvals. Any County deadline or automatic approval of any permit application, unless specifically provided for by Mayor's directive, or contested case matter under the Maui County Code or the administrative rule of any County department, board, or commission that is currently pending, is hereby continued to the latter of the following: 60 days after the date of the County's Proclamation of Emergency of Disaster related to COVID-19, as may be extended; the Declaration of Termination of Emergency issued by the undersigned; or 60 days from the date of the current deadline or automatic approval in the Maui County Code or any administrative rule of any board, commission, or agency, as of the date of the adoption of these Rules. This Rule applies only to deadlines for action imposed by ordinance or administrative rule on any County department, board, and commission. This Rule does not extend any permit condition of any existing permit that has already been approved. This Rule does not extend the time for filing of an appeal for matters that have already been decided by a County department, board, or commission.

Rule 4: Social Gatherings. Indoor or outdoor social gatherings of up to 10 persons are permitted. Face coverings are required and physical distancing of at least 6 feet between separate social gatherings must be maintained. Gatherings of members of a single residential or family unit sharing the same address are not restricted. Rule 4 does not apply to essential or designated

businesses and operations, pursuant to Sections I(B), I(C), and Exhibit A, that have supervision, monitoring, and other enforcement protocols in place or are otherwise subject to specific rules or restrictions, e.g., the state and federal court systems, state and federal offices and functions, Department of Education, daycares, preschools, private schools, universities, and similar institutions.

Rule 5: Masks, Physical Distancing, Sanitation. Persons shall comply with the following physical distancing and sanitation requirements:

- a. Face covering.** The requirements of Governor Ige’s Seventeenth Proclamation are incorporated herein by reference, and in the case of any difference in these Rules and the State’s Proclamation, the more stringent or comprehensive shall apply.

Pursuant to Exhibit J to the state’s Seventeenth Proclamation, individuals are not required to wear face coverings “while outdoors when physical distance of six (6) feet from other individuals (who are not members of the same household/living unit/residence) can be maintained at all times.”

As a general guideline, “if you have to ask, wear a mask.”

Within Maui County, this exception applies:

1. When persons are stationary and adequately separated, such as occupying a pool lounge chair, beach chair, or towel; however, face coverings must be worn while walking to and from the pool or beach area.

This exception does not apply, and face coverings are required:

1. On sidewalks, hiking trails, and in parks and similar areas, unless actively engaged in strenuous outdoor physical activity, provided adequate physical distancing is both possible and practiced.
 2. In any open-air or partially open mall, marketplace, lobby, atrium, gas station, or similar facility.
 3. Where specific facility rules, such as for sports, bars, and restaurants, are established.
- b. High risk populations.** Elderly and others at high risk for Covid-19 are urged to stay in their residences to the extent possible, except to seek medical care.

- c. **Persons who are sick.** Persons who are sick, have a fever, cough, or who are exhibiting symptoms such as shortness of breath, difficulty breathing, chills, repeated shaking with chills, muscle pain, headache, sore throat, or new loss of taste or smell, are urged to stay in their residences to the extent possible, except to seek medical care.
- d. **Six-foot distances.** All persons shall maintain a minimum of six-feet of physical separation from all other persons to the fullest extent possible. Essential and designated businesses or operations shall designate with signage, tape, or other means, six-foot spacing for employees and customers waiting in line. Essential and designated businesses or operations shall monitor and enforce the six-foot distancing requirement, whether with outside waiting lines or as customers move about inside a facility. Stores with aisles shall use signage to indicate one-way access to the extent feasible. Checkout operations shall be modified, to the extent reasonably feasible, to provide this separation or to provide a transparent shield or barrier between customers and checkout clerks.
- e. **Limited occupancy.** Each essential or designated business or operation shall determine and enforce the maximum number of persons that may be accommodated while maintaining the specified physical distance and limiting the number of individuals within a facility.
- f. **Sanitation measures.** Essential and designated businesses or operations shall make hand sanitizer and sanitizing products readily available for employees and customers. Employees handling items from customers, such as cash or credit cards, shall frequently utilize hand sanitizers.
- g. **Disinfection.** Essential and designated businesses or operations shall regularly disinfect all high-touch surfaces. A list of disinfectants that meet the U.S. Environmental Protection Agency's criteria for use against Covid-19 is available at <https://www.epa.gov/pesticide-registration/list-n-disinfectants-use-against-sars-cov-2-covid-19>.
- h. **Safeguards for high-risk populations.** Essential businesses shall implement processes to safeguard elderly and high-risk customers, such as exclusive shopping hours, which shall be conspicuously posted and enforced.

- i. **Pickup at store or delivery.** To the extent feasible, essential and designated businesses or operations shall provide for online ordering and purchase of goods, delivery, and customer pickup of orders outside the facility.
- j. **Signage.** Essential and designated businesses or operations shall post a sign at the entrance of the facility informing employees and customers that they shall, at a minimum: wear CDC recommended face coverings while in the business or operation; avoid entering the business if they have a cough or fever or otherwise do not feel well; maintain a six-foot distance from one another; do not shake hands.
- k. **Enforcement.** Businesses or designated operations shall refuse to allow entry to persons not wearing face coverings, unless an exception applies under this section. Businesses not enforcing or not in compliance with any of these Emergency Rules may be subject to enforcement, including fines and mandatory closure. Subsequent violations may result in increased fines and/or longer periods of mandatory closure.

Rule 6: Exhibit A details specific requirements for certain businesses and activities, e.g., restaurants, bars, cafes, and other food establishments; salons, estheticians, massage, and body work; and sports.

Rule 7: Nightclubs and concert halls are ordered closed until notified otherwise. Such businesses may conduct “minimum basic operations.” Minimum basic operations do not include in-person public/customer interactions and are limited to the minimum activities necessary to maintain the value of the business’s inventory, ensure security, and process payroll and employee benefits.

Rule 8: Beaches and County parks are open; however, the County may close parks for maintenance or repairs, to address safety concerns, or for COVID-related response. Waiale Park shall remain closed to accommodate the provision of temporary emergency shelters. County parks and beach parks will

be open from 7:00 a.m. through 7:00 p.m., except that outdoor County courts (e.g., tennis, basketball, etc.) may remain open until 8:00 p.m. Only permitted commercial activities are allowed. No tents or beach umbrellas that measure more than six feet across the canopy, party bouncers (bouncing castles, etc.), water or other slides will be allowed at any beaches or County parks. Grills may not be used at any beach or County park. Persons at any County park must comply with Rule 5.

Rule 9: Repealed.

Rule 10: Liquor Control Officers (“LCOs”) shall have the authority to enforce emergency rules at any establishment licensed to sell alcohol pursuant to Hawaii Revised Statutes Chapter 281. An establishment that is not in compliance with these rules, including those listed in Exhibit “A”, attached hereto, shall be subject to immediate closure for a twenty-four hour (24) period effected by the Maui Police Department and/or LCO. Liquor licensees not in compliance with the requirements of these rules shall also be subject to penalties enforceable pursuant to the Liquor Laws of Hawaii, Hawaii Revised Statutes Chapter 281, which may include a reprimand, fine, suspension, and/or revocation of the liquor license.

Rule 11: Mandatory quarantine and quarantine lodging.

a. Health Screening and Quarantine. Unless excepted under Rule 12, all persons traveling to the County of Maui, whether interisland or from out of state, shall be subject to health screening pursuant to Exhibit B of Governor Ige’s Seventeenth Proclamation and mandatory self-quarantine. The period of self-quarantine shall begin on the date of entry into the County of Maui and shall last 10 days or the duration of the person’s presence in the County, whichever is shorter. A person subject to quarantine may only break quarantine to seek medical

attention, or as otherwise allowed under a limited quarantine exemption approved by the State or County.

b. Quarantine Lodging. Pursuant to Governor Ige’s Seventeenth Emergency Proclamation, persons who have not been approved for limited quarantine by the State or County and who require paid or commercial lodging while subject to the mandatory 10-day quarantine shall designate a hotel or motel on the County’s approved list as their quarantine location.

Short-term rental homes (STRH), bed and breakfast (B&B) homes, or other types of transient vacation rentals (TVR), as defined in the Maui County Code may be designated as a quarantine location for a new or “intended” Hawaii resident, provided that the full 10-day quarantine is served and not stopped early. No STRH, B&B, or TVR may be designated as a quarantine location for a new or “intended” Hawaii resident more than once in any six-month period.

STRH, B&B, and TRV may provide lodging for persons 1) not subject to quarantine, 2) subject to quarantine while awaiting the results of an approved COVID-19 test under Rule 12; and 3) performing critical infrastructure (“CISA”) functions, as described in Exhibit B to the Twelfth Proclamation and Section III.A of the Seventeenth Proclamation, who have been issued a limited quarantine exemption by the State or County, provided quarantine restrictions are followed.

The property owner, manager, agent, landlord, tenant, and guest shall each be responsible for ensuring, and documenting, compliance with this Rule. Documentation shall be provided to the County, at the County’s request. Failure to provide such documentation within the time specified in the request shall be deemed a violation of this rule.

Rule 12: Requests for Limited Quarantine and Quarantine Exemptions.

- a. Requests for Limited Quarantine.** A quarantine exemption request must be made at www.mauicounty.gov. Requestors must timely supply all required documentation.
- b. CISA Limited Quarantine Exemption.** Persons who travel into Maui County solely to conduct critical infrastructure (“CISA”) functions, as identified in Exhibit B to the Governor’s Twelfth Proclamation and Section III.A of the Governor’s Seventeenth Proclamation, may be approved for a limited “home-to-work” quarantine exemption. If a limited exemption is granted by the County, such person may go to and from work only and shall be subject to all quarantine restrictions when not performing their critical infrastructure work or engaging in the activity expressly exempted.
- c. Maui County Travel, Kalawao County-Molokai Travel.** Persons not subject to any quarantine or stay-at-home order who travel solely within the islands of Maui County or solely between Kalawao County and other locations on Molokai will not be subject to quarantine or pre-travel COVID-19 testing when traveling within Maui County. These persons do not need to apply for a quarantine exemption, but must present their flight itinerary to screeners on arrival. This exemption does not apply if any portion of the travel is outside Maui County, including connecting flights through Oahu, or if the person has traveled outside the State of Hawaii in the past 10 days and they are subject to quarantine or pending the negative result of an approved COVID-19 test.
- d. Travel for Medical or Veterinary Purposes.** Persons not subject to any quarantine or stay-at-home order who travel outside Maui County solely for medical or veterinary purposes, providing the travel is same day or overnight only, will not be subject to quarantine or pre-travel COVID-19 testing upon their return to Maui County. These persons do not need to apply for a quarantine exemption, but must present their

flight itinerary and doctor's letter with date of appointment clearly indicated to screeners on arrival. If the medical traveler requires a travel companion, this person must be specifically named in the doctor's letter. This exemption does not apply if the travel involves any non-medical related purposes.

- e. Negative COVID-19 Test – Pre-arrival.** Interisland travelers age five and older who provide written confirmation of a negative test result from an approved COVID-19 test administered to the traveler within 72 hours from the last leg of departure prior to arrival into Maui County, are exempt from quarantine. Children under the age of five traveling with parents or guardians who have negative COVID-19 test results are exempt from quarantine.

“Approved COVID-19 test” means a test to determine the presence of active COVID-19 infection that has been approved for use by the DOH and administered by a DOH approved provider located within the State of Hawaii. Currently approved are Nucleic Acid Amplification Tests (NAAT) from a certified Clinical Laboratories Improvement Amendment (CLIA) lab. For information on COVID-19 testing, visit <https://hawaiiicovid19.com/travel/getting-to-hawaii/>.

Interisland travelers who can provide proof of submission of an approved COVID-19 test but whose negative test results are not available at the time of arrival, must quarantine pursuant to Rule 11 at their place of lodging, but may thereafter submit their negative test result to the State by uploading such verification to www.travel.hawaii.gov.

Only upon receipt of written acceptance by the State of Hawaii Safe Travels program of the negative test result will the traveler no longer be subject to the mandatory self-quarantine. Persons who require paid or commercial lodging while awaiting the test result upon uploading proof of submission of an approved COVID-19 test to www.travel.hawaii.gov,

may designate a hotel, motel, STRH, B&B, or TVR as their place of quarantine. The hosts of any person subject to mandatory self-quarantine are subject to all provisions of these Rules and the Governor's proclamation. In the event a positive test result is received, the traveler must immediately report such result to the Maui District Health Office of the DOH and may need to remain at the quarantine property or as otherwise directed by the DOH.

- f. Prior Positive COVID-19.** Persons who previously tested positive for COVID-19 but are no longer at risk of infecting others may obtain an exemption from a travel quarantine prior to travel. Any transpacific travelers requesting such exemption should obtain the exemption through the State of Hawaii. Inter-County travelers requesting such exemption should do so through the County of Maui. Instructions can be found on mauicounty.gov. The conditions under which a person qualifies for this exemption shall be as set forth by the State Department of Health, whose guidance on this type of exemption may be subject to change.
- g. Costs.** Persons shall bear all costs related to their pre-travel testing, and any subsequent costs related to their COVID-19 status, including, but not limited to, monitoring, lodging, potential isolation, and any associated care.

These rules shall take effect on December 29, 2020 at 12:01 a.m., unless otherwise specified, and repeal the Emergency Rules promulgated December 8, 2020. With the exception of Rule 3, these Rules shall be repealed upon the earlier of: 1) subsequent promulgation or 2) termination of the Proclamation of Emergency for Maui County.

19. Canoe paddling. Six-person (single hull/OC-6) or 12-person (double hull/OC-12) canoe paddling will be allowed with the following conditions:
 - a. Only official members of a canoe club shall participate in OC-6 or OC-12 practices, in compliance with the restrictions on Outdoor Sports, Phase 1, as reasonably practicable, and these paddling-specific restrictions. Recreational practices for non-members, guests, visitors, or drop-ins shall not be allowed.
 - b. To the extent possible, members of a canoe club wishing to paddle should register with their respective club for each paddling session for contact tracing purposes. Canoe clubs shall maintain the record of each paddling session for at least one month from the date of activity.
 - c. Canoe clubs are encouraged to create “crew bubbles,” such that when crews are established, paddlers stay within their assigned crew to limit potential exposure to other club members.
 - d. Participation is voluntary. Individuals who are sick, exhibiting any symptoms, or have been exposed to anyone who is ill, COVID-19 positive, shall not be allowed to participate for 10 days from the date of exposure or the cessation of symptoms, or as otherwise approved by a healthcare professional. Persons subject to quarantine, and persons residing within the same household as a person subject to quarantine, shall not participate.
 - e. To the extent possible, paddlers should continue paddling with the same crew members and not switch crews.
 - f. Water or shoreline changes between crew members during a paddling session should not be allowed (must stay in the same seat assigned), unless done so for safety or health purposes.
 - g. Coaches must follow the restrictions in Outdoor Sports, Phase 1. Workouts or plans for paddling sessions should be shared with participants electronically or on bulletin boards prior to the activity. Coaching should be limited to one crew at a time.
 - h. To the extent possible, paddling activities should be time staggered between crews to avoid large gatherings, and crews must remain physically separated.
 - i. To the extent possible, club paddles should be assigned to individuals during this period, or individuals should bring their own ancillary equipment and supplies. Sharing of personal paddles, seat cushions, gloves, personal care products, water bottles / hydration systems and other similar items are prohibited.
 - j. Canoe club facilities or hales may be used for non-essential events or other social gatherings, in compliance with limitations on groups in Rule 4.

- k. Paddlers should follow proper hygiene protocols, including washing hands or using hand sanitizer before and after participating. Gloves and masks are encouraged, but not required. Canoe clubs shall make soap and/or hand sanitizer available for participants.
 - l. All touch points should be disinfected before each use, including iakos, manus, seats, gunnels, bailers, and other similar items. Canoes and other equipment are recommended, but not required, to be left out in the sun and ambient temperature in between uses.
 - m. To the extent possible, when launching or concluding activities, canoe clubs should utilize wheels or other mechanical assistance to move the canoes, and avoid contact between paddlers.
 - n. To the extent possible, wheels should be left under the canoes when not in use, and when concluding activities wheels should be placed under the canoe while still in the water.
20. Commercial and recreational boating will be allowed, subject to all County or State regulations, including any specific operational restrictions imposed by the State of Hawaii Department of Land and Natural Resources, and the following conditions:

 - b. Sanitation rules detailed in Rule 5 are followed.
21. Outdoor organized sports (phase 1). This section applies to outdoor organized sports such as baseball, soccer, outdoor volleyball, surfing, swimming, and similar outdoor sports (“Sports Program(s)”). Starting June 15, 2020, Sports Programs may reopen for skill-building drills and team-based practice, but not competitive play (“Phase 1”) under the following requirements and conditions:
- a. Activities are limited to skill-building drills and team-based practice in which physical distancing of six (6) feet or more between participants may generally be maintained.
 - b. No close contact activities, including, but not limited to, huddles, high fives, and handshakes.
 - c. Groups are limited to a single Sports Program team, or a maximum of 30 participants, including players and coaches, whichever is less. (This is an exception to the general rule restricting groups to 10 or less contained in Rule 4). Where multiple groups are present at a facility or field, Sports Program operators must implement measures to ensure that groups maintain six (6) feet of physical distance between each other at all times (i.e., no mingling between groups).
 - d. To the greatest extent reasonably practicable, physical distancing of at least six (6) feet between members of different households/living units should be maintained; and face coverings should be worn at

- all times unless engaged in active practice.
 - e. Sports Program operators must implement measures to ensure that:
 - i. To the extent consistent with this section, and to the extent reasonably practicable: (1) the Sports Program operators and participants shall follow applicable guidance from the CDC ([available at https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/businesses-employers.html](https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/businesses-employers.html)); and (2) established and reputable COVID-19-related guidelines for the facility and the activity at issue.
 - ii. Physical distancing protocols and procedures exist for staff, athletes and non-program participants (including parents/guardians), with special consideration for the type of athletic activities engaged in, entrances and exits, queues, bottlenecks, facility layouts, and safe capacity limits.
 - iii. Staff and athletes are screened (via self-screening or otherwise) regularly for illness or exposure to COVID-19.
 - iv. Staff, athletes, and non-program participants (including parents/guardians) always wear face coverings when spectating, arriving, and leaving. The presence of non-participants should be discouraged during Phase 1.
 - v. There is no socializing in groups before or after (unless otherwise authorized by these Rules).
 - vi. Individuals from outside the Sports Program are limited in their interactions with staff and participants during drop off/pick up.
 - vii. Athletes who are sick from COVID-19 may not attend a practice or training until they are cleared for release from isolation according to CDC guidelines and cleared to return by a healthcare provider.
 - viii. Any staff or athlete exposed to a person with a confirmed or probable case of COVID-19 may not attend the program until they have completed quarantine following CDC guidelines.
 - ix. All program activities are evaluated to identify and mitigate “high-risk” activities (shared equipment, incidental close contact, etc.) to reduce or prevent COVID-19 transmission.
 - f. Individuals must comply with any requirements imposed by the Department of Parks and Recreation.
 - g. Nothing in this section requires a public or private Sports Program to open.
22. Competitive play for outdoor Sports Programs. Excluded from this section are outdoor sports and similar activities that require sustained close contact, such as outdoor wrestling, boxing, and mixed martial arts. These

close contact sports may continue under Phase 1 (above). Sports Programs may conduct competitive play under the following requirements and conditions:

- a. Activities may include competitive team play (e.g., one baseball team against another, or one soccer team against another), ocean-related competitions, or training. (This is an exception to the general rule on groups of 10 persons or less contained in Rule 4).
- b. When not engaged in competitive team play or training that requires close contact, close contact should be reduced or eliminated to the extent possible (e.g., sitting close to teammates on a bench, standing close to teammates or opponents during downtime).
- c. No close contact activities outside of those necessary to carry out the competitive team play or training, including, but not limited to, huddles, high fives, and handshakes.
- d. No more than two Sports Program teams may compete against each other on an outdoor field, court, etc. at a time. Each Sports Program team is limited to a maximum of 30 participants, including players and coaches. Where other competitive play/games are scheduled on the same field, court, etc., Sports Program operators must implement measures to ensure that teams waiting to play maintain six (6) feet of physical distance from the other teams playing at all times (i.e., no mingling between groups).
- e. To the greatest extent reasonably practicable, physical distancing of at least six (6) feet between members of different households/living units should be maintained; and face coverings should be worn at all times unless engaged in active play.
- f. No more than 100 people should be present at any competitive play event allowed under this section, including any participants and coaches from sports program teams.
- g. Sports Program Operators must work with the Department of Parks and Recreation and implement measures to ensure that:
 - i. To the extent consistent with this section, and to the extent reasonably practicable: (1) the Sports Program operators and participants shall follow applicable guidance from the CDC ([available at https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/businesses-employers.html](https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/businesses-employers.html)); and (2) established and reputable COVID-19-related guidelines for the facility and the activity at issue.
 - ii. Physical distancing protocols and procedures exist for staff, athletes and non-program participants (including parents/guardians), with special consideration for the type of athletic activities engaged in, entrances and exits, queues, bottlenecks, facility layouts, and safe capacity limits.

- iii. Staff and athletes are screened (via self-screening or otherwise) regularly for illness or exposure to COVID-19.
 - iv. Staff, athletes, and non-program participants (including parents/guardians) always wear face coverings when spectating, arriving, and leaving.
 - v. Socializing in groups before or after the activity is subject to Rule 4.
 - vi. Individuals from outside the Sports Program are limited in their interactions with staff and participants during drop off/pick up.
 - vii. Athletes who are sick from COVID-19 may not attend the activity until they are cleared for release from isolation according to CDC guidelines and cleared to return by a healthcare provider.
